Hi Mom!

Enclosed are the questions I have regarding the Colldèns. Look at those items I have marked in yellow. Included also is the Colldèn family tree in graph form. You can either mark that up and send it back or just answer question on a separate page. Also, I have the following questions:

- 1) What were the names of the relatives that came over to visit and what is their address?
- 2) How are these relatives related in relation to the enclosed chart?
- 3) Did they know where the name Colldèn came from?
- 4) Did they go through all the photocopies of photos. If not would it worthwhile to send them the photocopies to identify.
- 5) One question for Oscar: who designed the homes that the Rinells lived in the Kiaohsien?

That's all for questions.

Jill and I meeting half way today (Saturday) in Big Sur and getting a cabin for the night. Sounds nice, huh?

Work is going fine. I might be going to Europe in March or April, but still very uncertain. They were talking about having the meeting in Finland, but now they are talking about Switzerland.

Love you. Say hi to Oscar and Hellen.

Len
