

I must also state  
that I saw you this  
morning, for the first time  
for about two weeks, when  
I think it was because  
the windows were pulled  
down from the top.  
If you were more near the  
south windows I could  
see you often-times,  
but the case is ~~very~~  
body cannot be at  
the same place.

Dear John -

I beg to say that the  
party has been postponed  
until the following Saturday,  
April 8th, on account of a  
concert being held that  
evening at the Gasfield  
Boulevard Presbyterian church,  
but a week later will not  
make much difference.

The Temperance League  
are giving a free concert,  
which I think you  
already know about, so  
can't? you? be? at? our?  
church? instead? next Saturday.

I have not the  
invitation yet, but presume  
will have them by Sunday.

Now John do not forget  
that I want you over next  
Sunday, and have Harvey  
come along. It will be  
"munteligen" to see you  
around once more.

I have quite a little  
work to do, so I must  
close for this time, with  
hopes of seeing you Saturday.

I am as ever

Your own,

Ruth.
