Dear Ruth:

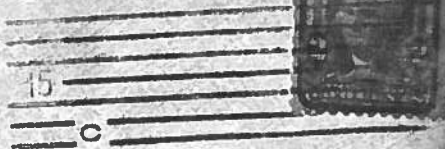

I intend to go to the electric show in collisian next Friday night and wish you would go along. I was going to ask you last Sunday night but as the rain shortened our conversation I forgot to mention it, ~~so~~ <sup>and</sup> instead of going to church Tuesday night I will go to school so that I don't get behind the class.

To night we were going to baganing but there is no ice on the slide so I will go to school.

Hoping you will go I am

Your own,  
John.
