My dear John:

I think it is best to advise you that our visit to Esther Bible is postponed until the following Sunday, Mar 11th, when she expects a large crowd of young people, Esther had to change the date on account of some "Smith Chicago" people not being able to come next Sunday, but I think it does not make any difference on your part or mine, whether we go one Sunday or the other.

How are you feeling. It seems an age since I saw you last, but it is only two more days when I shall have the pleasure of seeing you again.

With my regards to the folk, and my best to you,

I remain

Your loving son
Rich.
