My dear Ruth

I received your letter last night and also the invitation to a party on Franks brother. I am very anxious to go, but as you know school is on that night. I am puzzled whether I can go or not for if I go I will be a week behind in my studies, but if I can get off at 8 o'clock I will go, but if I don't, do not wait longer than till 8:15 for then I can't come & it is too bad that school is on Saturday night for I miss a lot of fun now on account of that.

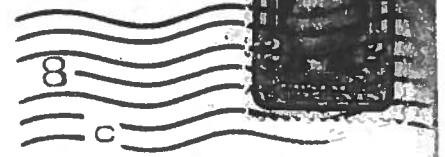

Last night Harvey Carlson came up so we went out for a walk and when we got to 61st and Halsted we stopped for a few minutes and ~~as~~ while we stood there three girls past by us who they were I guess you know

Hoping you will have a nice
time at the party I remain

Your own

John.

Please excuse writing if
you can read it.
