

Chicago. Sep. 11, 06.

My dear Puta:-

I promised to write first this week but it didn't turn out so, for I got a post card, already this week, maybe you think I can't tell who it is from, but that was easy even if the writing isn't like yours.

To night I got the same as you had some time ago, a tooth ache but I guess it will stop soon, if not before, it will when I see you.

What do you think, Harvey Carlson is going to the Ill. University to morrow morning, he was up here to night so I just got home from a walk up to <sup>50th</sup> street. His mother lives up stairs of Joe Johnson's.

Another thing will happen to morrow night, a party on Earnest.

Peaterson, he is going to move to Michigan next Saturday, so we are going to have a good bye party on him, I expect to get the invitations to

tomorrow but I don't think I will go  
for I got to much to do this week.

Then ~~two~~ week from Saturday  
our club is going to have a May  
ranch party so ~~maybe~~ we can go with  
that if it isn't to cold which I hope  
it won't be. That same Saturday we  
was going to have a party on Bolin  
but we have to give that a push for  
a week.

There will be so many parties  
going on that our parent will  
make a kick about it I guess.

It is after 10. now so I guess it is  
best I close before I make the letter  
to long, which is hard for I ~~haven't~~  
haven't got enough to write about

I hope you are all right,  
and don't feel to lonesome for you  
can see me Sunday again.

So with many ——— +  
I am your own  
Ped.
