My Ruth:-

How does my girl feel to night is she tired. If you feel as tired as Dots I think you are in bed now. I was going to night school to night but I think I had better stay home and rest.

But if I could see you again to night maybe I wouldn't see ~~no~~ rest till 11 o'clock, well I'm longing to see you again all red ready I am getting worse every week soon I'll be like Dave I guess.

To day Ed, got on the same car as I amstedt, as soon as he got

got seated Sunstedt started to
preach to the people in the car.

Ma didnt go to the coffee collas
on 63rd to day she was afraid of
the rain I guess, so your ma isnt
the only one that didnt go. She
may be over to see your ma some
time this week.

I guess I better close now we
can talk more next Thursday
its only three days more they
will soon go.

With love Your
Ted.
