

Feb. 28-07.

Dear John:

Words cannot express my delight on finding a letter once more from my dear one, when I came home last evening.

It is true that I have not received any for some time, but then have had you within my sight during the weeks.

Selma went through an operation yesterday, so this evening mamma and I had to go and see some of her relatives, but this visit did not neglect my writing a few lines.

Have been on the go all week so far. Went to church times this week. Pastor Erik Carlson has now been called, and I do hope he is a good one, although it was not

-the one that I voted on.

Am also going out to-morrow
-night. Ethel wants me along
-with Dr. Perkins, but Saturday
am going to stay in like
a good girl. Now you
know my program for the week.

Do you want a Kid
picture? The one with the
group of girls is now
ready, so whenever you
can't I will give you
one. It will be Sunday
I hope. Yes or no!
Sincerely yours, Ruth.
