My dear Ruth:-

Received a leap year card
from some one, I think it is from you
but if it isn't, you will get the bonus
how for you are the only girl I love.

All others can have the lemon.
I am so love sick tonight that if
you were here I would hug and
give you a good big kiss.

May you tell the date man to —
make Sunday come quicker it seems
so far away that I can hardly wait.

O.h. yes we will go skating Saturday
It is nice and cold now so there must be

Well it is 10³⁰ now so I better stop
this scratching.

Well hoping you will except these
saws with a good heart so that you
won't ~~en~~ send me one of those yellow
round things: Senim

I am your own

Johnny.

Many xxxxx to you.

P.S. you see where the arrow is on the
back of the card, well that came on there
when I made a mistake and used it
for a blotter.
