My dear John-

I was just longing to hear how my dear boy was getting along, and not until I received your letter last night, did it relieve me a little, although I won't feel perfectly calm, until you are well again. I would just love to do something for you, but can't only to send my love, and to tell you to be very careful. If a "King" through the mail would help, I would give a hundred to my "Lovey dovey".

Went to church Tuesday & Wednesday. How I long to see you there. But was fooled I saw Reynold's ma with a diamond King and she sat with her arm leaning on the back of the chair so very person around her could see it. So I guess he is certainly going to have her.

Well you boys and your father are still up against it. Could just as well have written and told you to stay until

She become well again, I will send my sympathy, and hope her illness will not be severe.

I am supposed to be stuffing circulars, but am bluffing at it so I can write this letter. It is circulars advising people to buy ~~Wise art to outfit and learn the~~ Trade. Do you want to learn it also? I do - ~~not~~. Do you want to see a copy? Maybe you will be interested.

Hoping to see you soon, and with lots of love and kisses, I remain

Your own
