My dear girl:— I dont know what
to write about but I will see what
I can fish up. Ma is sick yet, we
had the doctor to day so she got some
medicines for her stomach doctor said
its nothing dangerous.

Ma said she dont want think she
will be over to see your mother
this week, ~~for~~ because she dont know
how she will be, may be she
wont get well enough. If she is
all right next monday she will
try then.

I wish I could see you ^{to} tomorrow
Do you know why, I guess you
know, It is the first of April.
May be you think I can't fool
you. Well if you was here now
I couldn't ~~let~~ you along I would
give you a good hug and a kiss
That is better than fooling you.

Today as tomorrow I mean, is
~~two~~ years since I started working
for the company I am at, that
is pretty good isn't it.
Next April fool day a few things
will be changed your name will

if nothing else, you will be a
sharing and I will be a gube.
Them two word are supposed to be
Swedish, if they are I don't know.

You said last Sunday that I don't
rewrite any letters to you any more
- what do you call this
I met Alice Rosen on the S-
last night.

Well that is all I got to say
so I stop now:..:

With many ~~OOO~~ for April fool
from your John
