DATE

Dear Mom, Dad and all,

Saturday evening and plenty hot. I've been quite busy today for a change. Last week end I flew to Algeria and enjoyed the trip much. On Sunday I attended an Episcopalian church service with a couple of other officers.

I'm still finding time to take a cycle ride occasionally. While in England we ordered "some bicycles" and in a few days 500 were delivered! A few days later the clerk at the railway station phoned and said there were 1200 more at the station! That's good supply. So we took a few with us to Africa.

I enjoy talking to the boys just over from the States - I get the "low down" on the ration situation and the current prices and wage scales. How'er yall feelin? Lin down' fine.

Love,
Bob
