"G: Len's 'Jilly'
+ Linnen

→ means "little guy"

Mofa found this family tree thing & wants one to send it to you. The bottom part is master Alma, Wilhelm's wife, who became 101. You were @ her 100 - B-day, I think. Beats me how you figured it out!

How are you feeling jilly? Pretty soon you have that bundle in your arms & all the miserable nights & abnormal days will be in the passed. See Mamma, it will all be OK!! (5)

Here things are on a steady course — slow — with cat food, podiatry & dentist.

being the excitement of the day!!

We also drove to Tom-
lawda to the optiker on Tuesday
I don't know how I drove
every day to Morn for 10 1/2 m.
It's a long trip.

Mofa is updating a ser-
mon for Tabernacle which he
held there 15 y. ago. He simply
called the pastor & offered to
speak!!

The book, that you got, on
the 50th anniversary of S.B.M. was
written by Farber, Ole Lundberg &
a Chinese teacher, but when Farber
was dying & the composition of the
whole book hadn't been completed
Dad & "Han-mu-sher" put it all to
paper & it is not a complete trans-
lation in English, only in Chinese. Now
you know that!

Am looking forward to coming
home on Oct. 20! Now it costs \$50:-
to fill 2/3 of a tank!! ~~50~~

I love you Morn.

Pastor Alan from Kiooshien
