Hi Len,  
This is Krokebo in Rinna, where our grandfather JA Rinell grew up. THE HOUSE THEY LIVED IN IS NO MORE, YOU CAN ONLY trace the foundation of it under the lawn. The cottage is a later house used as a summer home for someone who wasn't home when we went there.  
The people in one of the photos is Meilynn, me and Rune Axelsson.  
Love, Lally

Hi Lally,

Happy New Year to you !

Would you be able to identify whose house this was in the photos attached?

Thanks.

Len

Hi. I went to see this with Lally, and the people in the other email. Lally could tell you who's house it was. I want to say Johan's in the early days when he broke away from the Lutheran church. He was baptised not far from here. I'll look for 'the' rock and send you! M
