

Mr B. Holmquist

By kindness of Oscar H. R.

Kiaohsien Febr. 15-46

Dear Mr Holmquist.

As my son Oscar intends to go
to Tsingtao tomorrow, I thought,
I would like to send you a few
lines, telling you, how I spend
your great lovely gift received
while in Tsingtao last time.

Some of it goes to a very poor
old woman belonging to our church.
Another part is used for a young
girl in the school. Her mother is
a widow with 3 children. Her two
boys have finished school and
have now to look out for them.

selves more or less. But they are rather young, one only 15 years of age, so their mother has to help them out with their clothing etc. The boys had some help partly from our mission and partly from other sources while studying. The mother has no other income, but what she can earn by helping people with washing, grinding their flours etc. She is a nice christian woman and we love to help her. Blessed are you for helping the poor and needy.

Our schools are opening their doors today for the young folks. They come from all corners pressing hard for room. They are many more than we can accommodate. May the Lord grant us peace this term.

We are having meetings everyday in our church since the Chinese New year. Next week we plan to have small meetings in the Christians homes. Pray for the Lords presence and help in this work.

Hlice told me about the good meetings you have in ^{the} Baptist church and about souls being saved. Wonderful! It gladdens ones heart to get such good news.

We have been quite anxious about Doris. Trust she is feeling better and shall come back to us well & happy before long.

Trust you are in good health and feel happy in the Lords service.

Please excuse me for writing in English. I intended to write in Swedish but before I knew it, I had started in English. Much love & thanks for your kind gift. Sincerely Hedvig Rinell
