Dear Bud:

It has been my intention to write a few lines before leaving the states. Trips and meetings seem to have taken most of our time. The rush before sailing almost took us by surprise.

We wish to express our hearty thanks for the pleasant time we had together with you and your folks. It was so nice to meet you again and also to enjoy the fellowship in your hospitable home. I am enclosing the photo I took. We are so glad it turned out so well because it reminds us of the memorable days together with you all. We were happy to meet your sister and brother-in-law in Seattle.

I am sure you are making good progress in your studies. We had the privilege of staying about 10 days on the campus of Bethel College & Seminary. We spoke twice at Chapel and also showed the China films. Van arranged a meeting 90 miles outside of the Twin Cities and drove us both ways. We had several meetings in the middle West and West.

Our voyage between San Francisco and Yokohama has on the whole been fairly pleasant. One day before Honolulu and another before Yokohama was rough and not too pleasant. We are one day behind schedule and should arrive on the 3<sup>rd</sup> of March in Shanghai.

Helen writes that she is teaching some of the Youth for Christ songs to young people in Sweden. She joins with us in hearty greetings to you and your folks. God's blessings on you all. Affectionately yours, H. P. R.
