

Lala Dec. 28 - 30

What shall I say? My intensions was really good when I got your letter of 8/12. I was going to write in time for you to get a hearty congratulation from home to the tea party on the 12th. Yes, here I am with all the letter writing put aside and not a word of congratulation to my girl. But I am so glad and so proud of your success. And sure I have not put aside or forgotten to pray our good Lord for his blessing and special help for you in times of need. It will surely not be so easy always, but we take only one day at the time. And so you have our best wishes when you start Jan. 1st. We had a Xmas card from your good coworker Miss Taugher. She was very glad you would stay. -- Before I write more I want to thank you so much for the big parcel and for all that was in it. Everyone has enjoyed the good Xmas cake and coffee, fruit + sweets. Thank you also for the lovely card.

Yes Xmas is about over. We have had a good restful season with meetings, dinners + coffee parties, but only for the nearest relatives. Gerdas family is so big. On Christmas eve we got lots of snow and on Xmas day we got more and now it is cold and fresh. The trees are still lovely. There is no wind so far. Skiing and skating is fine fun for the young people. We expect Eggon back from Japan Jan. 1st. His homecoming is of course thrilling for us all. John says, he is going to Bromma to meet him and may be Gerdas will go too. Margareta has a little cold, but she very obediently stays in her room so as to get over it soon before Dad arrives. -- I am sorry for Lally just now. She has to go to a Sanitarium for a few weeks to be right under the Drs care. They never seem quite sure of her right lung. She does not cough, is not usually tired and is ^{not} running a high temperature. I hope there is not any to worry about, but it may be good to have a thorough examination right under his eyes. Her school starts Jan. 15. She does not lose weight and she is always cheery. John has been helping in the postoffice during the holidays. -- We spent Xmas eve with Linnea and had certainly good eats. She was so pleased to have your card. Her 2 younger sisters and her mother were also there. -- But what a time politically. It seems

keeps fast of all back a bit at the hand and warm
 out Western states and drops to being the whole
 sake for themselves. There is their arm. God helps us
 if the best about warm.
 on 29. fallen for. began says he has got passage and should be
 in Hongkong now 2 days. In Bangkok 14 hours and in Bham.
 was New York on about 8 or 9 p.m. That he will have a
 good trip. And here I will close. Hope you are well and have
 got a place where you can prepare your new home. I just
 something I might be able to send you. Much love
 mother

there is not much hope of peace in this poor world.
 I can't help feeling anxious about Bava. This morning
 readers had the Chinese with confederate all in property.
 This means, where he lives and works with all the
 taken. Of course our own property will go the same
 way. Of the himself can leave if safety, we must
 be afraid. The two girls plan to leave in May.
 body is teaching in the Communist University.
 just think how close the Russians are. They make
 the Chinese & Koreans fight their war and then war.
