Dearest Edith,

I have already been here one whole week. Gerda and I were heartily welcomed by Marta. Gerda had to attend women's meetings in Hasselholm. I helped a little too. Last Tuesday she left for other places. She met Egon in Finspong. Since yesterday she is back in Sala. Egon hopes to be home May 7, but only for a few days.

This is a lovely place and Marta has prepared a lovely home for herself and Mrs Salquist. There are 3 big rooms and kitchen downstairs & 4 bedrooms upstairs. Mrs S. lives mostly upstairs. She is not well enough to walk down. She cannot talk and Minna has to feed her + dress and undress her. She has good appetite. Doc finds her a very interesting case. It all seems to come from too low blood pressure. Her head gets empty. It is a blessing for her that Marta takes such good care of her. Who would do it else? I sleep downstairs and live well and happy here. I do not know how long I may stay. Gerda's brother + sister-in-law have left by m. s. "Gripsholm" for U. S. A. I never met them. Mrs Lagerborg from Topoka ^{has come} to see his relatives in Njölby, Jordfella + Skenninge. We visited his home in Topoka 1933. He is 84. If I have good luck, I may meet him on my way back to Sala. He loves to travel.

If the box with the rug was not delayed on its way to Göteborg, it should be on its way by m. s. "Kragholm" to U. S. A. This boat is to leave G. today. I wanted to send a few other things but am afraid of the Customs duty. Trust you shall have no trouble with this. Yes Mr Arthur was sacked by Furman! We are sorry because he was friendly to missionaries and their

work. It is hard to tell what will happen
 after this. And the war is going on, not
 being good just now. The young boys are
 hidden off and the economy don't make to
 morning as long as nothing touches the heart
 of hope. - Helen is busy getting her new
 home in order. Mother visited her here
 for a week, but she decided she has had
 another letter from Oscar. He hopes to
 leave soon. 4 English more had been
