old friend, Rog. Palm-

owns a large ice cream parlor in a town near-by decided to come up to the college and serve some of his coper-dooper sundaes. Boy, were they ever wonderful. This fellow always has had a soft spot in his heart for Wheaton students, so Dr. Edman invited him to the school last night to serve everyone. I think there were about eight scoops of ice cream in every sundae, then chocolate, them whipped cream, and then a creat big cherry on top and some nuts. Hmmmmmmmmm.

I don't know how he did it; no one seemed to think he would be re-elected. But he dood it. Nuts! Well, maybe its for the best, who knows.

Sweetheart, I'm so happy that you do love me. That is the one thing that makes life worth while. And I want you to know that my heart just burns within me for love of you. I want nothing more than to be able to hold you in my arms. We certainly have a lot to look forward to, don(t we?

I must get up to school, Darling. Hope there is a letter there from you. Will there be? I'LL try to write again tonight (if I get a letter).

All my love,

Service
