

DEAR LEN -

4/17/87

I received your letter & will check with my cousin Woodell over the Easter week-end. I would suggest your checking the 'old' family tree for info on the original Holmgrenists - Realize most of the background is gone with the deceased. (I told Jarvis to look into the family Bible)

Yes, Violet was a daughter of August - she died in '23 - in her late TEENS. The other three children died before Alvin was born. My mother - Ebba - was the next to pass on, after Violet.

Its a shame we did not ask more questions - My grandmother - Hannah - lived with us from the 20's to her death.

Good luck — Lars King
