Dear Mom and Dad,

I'm glad we got a chance to see you guys. It was too short, but really enjoyable none-the-less.

We had a long ride coming back up to Palo Alto via Highway 1 along the coast. It was beautiful though. Also, we avoided the heat (one of the few times I needed air conditioning in my car). We stopped off in Isle Vista and had a quick cup of coffee with Anli, and in Santa Cruz had a piece of a pizza at "Pizza My Heart." We we got home we had to straighten up, and to other odds and ends before going to bed.

Tonight Jill is assistant directing for that Christian theater group. I am going home from work soon, and doing my homework for my technical writing class tomorrow.

Enclosed is a portion of your biography, Pop. Please look it over and add anything to it you would like to (especially dates), and is if anything needs correcting. I've left a wide margin for you to write in. Thank you kindly.

All for now. Must be off.

Love,
