Dear Mary & Walt,

I thought you might like a copy of the enclosed picture which son Bob took when he passed through Cheyenne on his way back from Seattle several years ago.

Bill wanted to know about the KKK burning a cross in our front yard. Here's what happened: At the time when the Klan was recruiting members in the Ross area, many of our neighbors and church members in the Dutch church in Ross tried to pressure Dad into joining. I remember Bill Lohman (sp?) and others sitting in our living room and really getting angry when he wouldn't sign up. Even the minister Rev. Dykehouse was a member. So they held a meeting and burned a cross in the field across from our house to show their displeasure. All of this happened before you were even hatched, Mary.

Sorry I missed your call.  
Love, Sally & Dick -

P.S. Sally just said she told you some of the above.
